EDUCATION

Dalhousie University

Bachelor of Computer Science

Halifax, NS

September 2024 – Expected 2028

EXPERIENCE

Research Assistant

May 2025 – January 2026

Persuasive Computing Lab (AI + ML Project)

Halifax, NS

- Contributed to developing intelligent models for human-computer interaction
- Spearheaded enhancements to intelligent models by reviewing over 100 research papers, improving prediction accuracy by 7%
- Developed a Python-based data processing pipeline that reduced analysis time by 15%, expediting project timelines by 1 week
- Strengthened time management by consistently meeting project deadlines and deliverables

Course Representative

January 2025 – April 2025

Dalhousie University — CSCI 1300

Halifax, NS

- Served as the elected student representative for CSCI 1300, acting as liaison between classmates and course instructors
- Collected and communicated student feedback to faculty, contributing to improvements in course structure and delivery
- Facilitated peer discussions and study sessions to support classmates' understanding of course material
- Demonstrated initiative, accountability, and strong interpersonal skills in a leadership role

Crew Trainer

October 2024 – Present

McDonald's — Spring Garden

Halifax, NS

- Trained and onboarded new crew members on food preparation, safety standards, and customer service procedures
- Ensured consistent adherence to quality, service, and cleanliness standards during shifts
- Demonstrated strong communication and leadership skills by guiding team members in a fast-paced environment
- Developed coaching and mentoring skills through hands-on training of new employees

Event Team Member — Dalhousie Varsity Events

January 2025 – Present

Dalhousie University (Dalplex)

Halifax, NS

- Collaborated with cross-functional teams to plan and execute university-wide sports and social events
- Solved operational challenges during live events to maintain seamless execution
- Demonstrated leadership by managing small teams during high-attendance events

PROJECTS

Python Port Scanner | Python | github.com/gujjar23/python-port-scanner

2026

- Built a multithreaded TCP port scanner using Python's `threading` and `queue` modules, supporting up to 500 concurrent threads for high-speed network diagnostics
- Implemented service identification across 40+ well-known ports (HTTP, SSH, FTP, RDP, MySQL, etc.) with real-time colored terminal output using `colorama`
- Designed an interactive CLI with hostname resolution, configurable port ranges (up to 65,535), and a live ASCII progress bar with percentage tracking

Password Strength Checker | Java | github.com/gujjar23/password-strength-checker-java

2026

- Developed a Java-based application to evaluate and classify password strength based on length, character variety, and complexity rules
- Implemented logic to detect weak, moderate, and strong passwords, providing actionable feedback to improve security practices
- Reinforced core Java concepts including string manipulation, conditionals, and modular design

Movie Website | HTML, CSS, JavaScript | hackofanonymous.blogspot.com

2022

- Founded and developed a dynamic movie review and streaming information website with over 1,000 monthly visitors
- Implemented front-end pages using HTML, CSS, and JavaScript, improving user engagement and navigation
- Managed hosting, updates, and traffic analytics using SEO and web management tools

CERTIFICATIONS

Networking Basics <i>Cisco Networking Academy — ICTC</i> View Credential	November 2025
Introduction to Cybersecurity <i>Cisco Networking Academy — ICTC</i> View Credential	October 2025

ACADEMIC ACHIEVEMENTS

- Ranked in the **National Top 1.25%** (among 1,200,000 candidates) in JEE Mains 2022 (India)
- Secured **2nd place** in a School-Level Science Model Competition
- Won **Bronze Medal** in the All India Roller Skating Competition
- Led the School Soccer Team to the **State-Level Championships**

TECHNICAL SKILLS

- Languages:** Python, Java, HTML, CSS, JavaScript, SQL
- Tools & Platforms:** Git, Linux, Windows, MacOS, Cisco Packet Tracer, MS Office
- Relevant Courses:** Java/OOP (CSCI 1105, 1110), Python/SQL/DBMS (CSCI 1109, 2141), Web Development (CSCI 1170), System Programming (CSCI 1120)
